

Dear Charlie,

My friends are always leaving me out. They post pics on Snapchat doing fun things and I don't feel included. What should I do?

-Feelin' Left Out

Dear Feelin' Left Out,

I think you should post Snapchats of yourself doing fun things and don't get offended when your friends post them without you because you don't need friends to have a fun time. But, if you feel it's intentional, maybe try to make new friends in your classes.

Dear Charlie,

My girlfriend always wants to eat lunch with me, but sometimes I just want to hang out with my friends. How should I handle this?

-Bros or Bae

Dear Bros or Baes,

One solution is to invite your girlfriend to come and hang out with your friends and maybe you all can be friends. Another solution is to make time for your girlfriend and your friends equally, maybe spend one day with her and another with your friends. The most important thing is to communicate how you feel.
