

THE DIARY OF ANNE FRANK

The Deming High School Drama club will be performing “The Diary of Anne Frank.” In the play, Anne Frank and her family must go into hiding during the Holocaust. They stayed that way for almost three years of their life. Watch their ups and downs while in hiding, and how each character develops throughout the play. These High School students have been working hard for months, and are extremely excited to perform. The performance will be held at the Deming High School auditorium in late January. The cast will be acting for the public as well as Deming High School, Deming Intermediate School, and Red Mountain Middle School students.
